- 2. Buyer pays 10% - 20% deposit** of sale price, balance to be paid no later than 3 months after deposit unless otherwise agreed to with vendor of property.
- 3. It is advisable to make a lawyer the Power of Attorney** for the purchase so as not to default on completion date should the Buyer be delayed or hindered from coming to Ithaca for completion. The cost is approx 85 euro.
- 4. To secure the deposit a Pre-Contract is signed and notarized at the Public Notary Office.** Should the Buyer renege, the Buyer loses his deposit. Should the Vendor renege, the Vendor is obligated by law to reimburse the Buyer double the deposit amount.

7. In the year following any purchase, the Buyer must submit a Tax Return. No tax will be paid on the purchase of the property if the Buyer can prove that the money which paid for the property was a taxed income from another country; therefore it is important to collect the pink slip for the transfer from the Ithacan bank of their choice. The pink slip proves the money was not earned in Greece and is therefore exempt from income tax.

8. When transferring money into either your account or your lawyer's account you must always note the reason for transfer ie: property purchase, notary fee etc.

9. All property owners in Greece will need to lodge an annual tax return.
